IN YOUR BOX:

Fresh Pressed Apple Cider

Apples

Potatoes

Squash

Pumpkins

Cabbage

Onions

End of the Season

This is the last week for our 2025 CSA. Thank you so much for supporting our family farm this year! We would love to hear from you. Feel free to email with any suggestions or ways that we can better serve you. We are so thankful for your continual loyalty to our family year after year.

You are a blessing to us!

We will send out information in the next few months about how to sign up for next summer.

Market Open

Although this is the last week of our CSA, we plan to continue to have our market open regular hours on Friday and Saturday for the next few weeks. We will continue to have apples, donuts and fresh cider for sale (the press is open for one more week!)

We hope you will visit our friends at **Harmony Acres** in Belle Vernon for all your dairy needs after we close. You can find them online!

Freezing Apple Cider

Freezing apple cider is a great way to preserve your cider to enjoy at a later time. We love to freeze some and pull it out around Thanksgiving or Christmas to enjoy with family! All you need to do is drink a little bit from the top of the carton (to make room for expansion) and put it in your freezer (upright). When thawing, be sure to remove it from the freezer with enough time to let it thaw completely. Shake it up and enjoy!
