The High Tunnel

This spring, we added a high tunnel to our property. It is a large unheated greenhouse that sits right on top the soil. The sides can be rolled up for ventilation. Matt, our farm manager, worked hard to get it planted with some crops early so that they would be ready for our CSA boxes! Thankfully, our first round of produce in the high tunnel has done really well. Matt used the string method to tie up the tomato plants so they grow vertically and the fruit stays fresh instead of rotting under all the foliage. They are looking wonderful! We are starting to plant the next round of produce in there! Next time you are picking up your produce, you are welcome to take a peek inside.

Harmony Acres Dairy

We continue to have Harmony Acres Dairy products available for pickup during CSA hours on Friday and Saturday. Submit your order via this link. Orders are due by 5pm on Wednesday night. We sometimes have a few things available for purchase in the market if you forget to order!
