CSA Season 14 | Issue 09 | August 7/8, 2026

Phew! It has been a warm and sticky last few days. However, we are happy to report that this field of corn made it! The racoons have made things a bit challenging to us this season, but we were able to pick the corn before they had their fill.

Come see us this Saturday at the **Pleasant Hills Community Day Festival** at Mowry Park on August 8th from 12-5pm. We will have apple cider slushies and donuts for sale!

This Week's Highlight: Sweet Corn

Sweet corn is here! Summer just isn't complete without fresh-picked sweet corn! This week we're offering two outstanding varieties. Revision is a bi-color sweet corn with an exceptionally sweet, rich flavor. Milky Way is a white sweet corn with tender, juicy kernels and incredible sweetness. Both varieties are picked fresh and bursting with sweetness, making either one a great addition to your summer meals. For the best flavor, keep your sweet corn in the refrigerator until you're ready to enjoy it, as refrigeration helps preserve its natural sweetness.
